

The Kids Go Up—

We don't know how many of our adult citizens realize it, but a very fine educational project—one of the finest to be conceived in favor of our younger school-age citizens—was completed recently under the auspices of the Grayling city airport.

Approximately 800 Grayling school children have now enjoyed the thrills of flying and, further, every one of them, as a result, is keenly familiar with the topography and geography of the country and land that is so much a part of their existence.

In the comparatively short time of a routine flight, these youngsters have visualized the terrain and grandeur of the Grayling-Ausable country with a precision their pioneer land-borne elders could never achieve within a life-span.

Excellent and generous co-operation made this school-aviation program possible. Incidentally, it is the first known program of its kind in the United States.

Conceived by Grayling Air Service officials, Clayton McDonnell, Lowell Whiting and Herbert McDonnell, the proposed project won the immediate response and backing of Grayling businessmen.

The various merchants agreed to divide their forces, each of them becoming a sponsor for one of the school groups.

First to fly were members of the kindergarten class, who took to the air with the opening of classes in the fall. The flight program was halted over the winter months and resumed with the arrival of spring.

The special train which includes three air-conditioned coaches and a tavern lunch car will adhere to this schedule every week and extend the week end of July 4, when it will make its return trip south on Monday evening, July 5, instead of on Sunday evening.

The train will leave Detroit at 4:15 P. M. each Friday afternoon and will arrive in Grayling at 9:00 P. M. It will leave Grayling on the southbound run 5:38 P. M. Sunday afternoon and will arrive in Detroit at 10:30 Sunday evening. All times quoted are Eastern Standard Time, not the fast Detroit daylight saving time.

As a token of sincere appreciation, and because the grateful students of the Grayling schools want a matter of record, we give the list below the respective sponsors who co-operated to make possible the successful student-flight program:

- Kindergarten** — Grayling Air Service.  
**1st grade** — Bear Archery Company.  
**2nd grade** — Hunter's Ausable Dairy.  
**3rd grade** — Alfred Hanson.  
**4th grade** — Welsh Motor Sales.  
**5th grade** — Ausable Insurance and Burrows Meat Market.  
**6th grade** — Rolla Failing and Hanson Hardware Company.  
**7th grade** — McEvers Motor Sales.  
**8th grade** — Dawson's Drug Store.  
**9th grade** — Grayling Laundry and Cleaners.  
**10th grade** — Sorenson Funeral Home.  
**11th grade** — Gene Papendick and Erwin Wales.  
**12th grade** — Courthouse gang, South Side School.  
**1st and 2nd grades** — Crawford Avalanche.  
**3rd and 4th grades** — James A. McDonnell.

A Friend In Need

It happens in the best of communities. Folks like to think and sometimes to feel, that the various merchants who minister to their wants are a hard-bodily, unheeding collection of aristocrats. Necessary evils, that is.

But what happens every time any worthwhile movement gets underway? Or when a front is needed for the successful pursuit of help for ever-recurring good causes?

Sure enough. The old standby is the businessman who can so easily let the public know what's wanted. His counter space will do the trick, every time. He's willing, too.

Sponsor needed? There's that businessman safety. Every check with a local merchant on the number of approaches annually for funds for this, and that, and that?

There is no record of a refusal of any meritorious request. These, then, are the good men of the community. Like the main spring in the clock—they make it go.

Scouts Plan Trip

The 34 Girl Scouts of Troop No. 6 are happily planning a days trip to Mackinac Island as a climax to a year of successful scouting.

They have worked hard on various "candy sales" and "rag drives" to finance their own trip. The girls will hold a door to door cookie sale next Wednesday to try to raise the money to complete their expenses.

Any donations to help the girls obtain their goal will be greatly appreciated by the leaders of Troop 6, Mrs. Gust, Mrs. Griffith, Mrs. Mosher and Mrs. Phelps.

DINNER PARTY

Mrs. A. M. Lewis entertained eight young people with a dinner party Saturday evening to honor the graduation from high school of Miss Sally McClain.

A crimson and white floral centerpiece was used. These are the class colors.

Mrs. Harley Russell and son, Gary, joined Mr. Russell in Jackson, Michigan to spend the week.

## Full Military Services Held For Returned Marine Hero

### Harold Floeter Laid To Rest Friday

Full military services conducted by the Grayling veterans, Friday afternoon at the South Branch Church and later at the Pioneer Cemetery in South Branch marked the reburial of the first serviceman returned to this community from overseas.

The body of Harold C. Floeter, Marine Sergeant killed in action in 1942 on Guadalcanal arrived in Grayling Thursday morning, June 3rd. Flags of the County Building, the Legion Hall and business place were flown at halfmast throughout the day in his memory. A military escort accompanied the body. The casketed remains of Sergeant Floeter were guarded by

a full military escort from the time of arrival right through the military service. His body was returned from the Solomon Islands temporary military cemetery on Guadalcanal.

Ex-Marines of Roscommon, buddies of the deceased veteran served as pallbearers while the remainder of the military burial squad was made up of Grayling veterans.

Harold Floeter resided with his father on a farm in South Branch Township prior to joining the Marines. He was a graduate of Gerrish-Higgins High School of Roscommon, class of 1934. He is survived by his father, William J. Floeter; two sisters, Grace and Edith; and two brothers, Edwin and William Jr., all of who now reside in Detroit.

### Former Resident Passes Away In Port Huron

William H. O'Neil, 64, 139 Merchants, Port Huron, Mich., died Thursday in Port Huron Hospital after a short illness.

Mr. O'Neil was born March 3, 1884, in Port Lambton, Ont. He is survived by a daughter, Miss Rosetta May O'Neil, Port Huron; two sisters, Mrs. George Miller, Houghton Lake, Mich., and Mrs. George Fisher, Port Huron; a brother, Walter Mills, Davison, Mich., and several nieces and nephews.

Elder Earl E. Smith, pastor of Latter Day Saints Church officiated at funeral services in the Arthur Smith Funeral Home in Port Huron at 2 P. M. Saturday, June 2.

Mr. O'Neil lived in Grayling 30 years ago and was well known in the lumbering days. He was a sawyer in the heading mill here for years.

### Sportsmen's Club Activities?

Well fellows, apparently we guessed wrong. Last week we made an appeal to the men who were interested in trap and skeet shooting to come to the meeting of the Grayling Sportsmen's Club held June 3rd at the Winter Sports Park with the avowed purpose of starting a firearms division. Only ten members responded. Only one of those was really interested in trap shooting. Result, no action. Now we know for a fact that there are an appreciable number of Grayling men who go to Roscommon, expressly to shoot traps with the live wire Roscommon Club. So what is wrong? Don't you like your own club? Have you no club pride? Well, okay, what do you want? Let us know, for we are trying to build up a club which will be a civic asset, and one of which you can be proud, when you display your arm and bag, and say, "I am a member." There are innumerable possibilities which can be developed in our 800 acre park, but they must have the interest and the backing of the members. So don't let us down, my friends, saying that so and so should have done this or that. Come to the meetings and express your ideas. Grayling is fortunately situated on the main and most direct highway to the Storch country. But what has Grayling to offer? Nothing but recreation and resort business to stop the travelers. With but two or three exceptions the town's business is sportsmen and tourists. (Continued on Page Eight)

## Three Out Of Four Pedestrians Killed In Traffic Contribute To Own Death

By JULIAN H. HARVEY  
Manager, National Conservation Bureau

This is the second of a series of 10 articles on street and highway safety written by nationally recognized accident prevention specialists and published by this newspaper in the interests of greater traffic safety.

The time has come when all communities need laws to control pedestrians as well as automobiles. All of us are pedestrians most of the time. Therefore we feel more in our own element when we are walking, and as a group we fail to understand the limitations of the automobile. Even experienced drivers forget these limitations when they become pedestrians. Year after year the records continue to show that nearly three out of every four pedestrians killed in motor vehicle accidents were either committing an unsafe act or violating a traffic law. Crossing against a signal was reported in approximately 18 percent of the accidents involving adult pedestrians. Playing in the roadway and crossing between crosswalks accounted for three-fifths of the child pedestrian accidents. Unless we mend our ways, the same tragic story will be repeated in 1948.

An effective solution to the problem of pedestrian accidents can only be attained through firm use of the three E's of safety: namely, education, engineering and enforcement. Pedestrian laws should be designed not only to control the walker, but to inform the automobile driver as to his

area of responsibility. They should provide for the following:

1. Crosswalks should be clearly defined at all intersections in urban areas and pedestrians prohibited from crossing streets between crosswalks or, where traffic signals are in operation, against the signal.
2. Walking in the roadway in both urban and rural areas should be prohibited when sidewalks are provided.
3. Walking in the roadway while under the influence of intoxicants should be prohibited.
4. When it is necessary to walk in the roadway, because of the absence of sidewalks, pedestrians should be required to walk facing traffic.
5. When it is necessary to walk in the roadway at night, pedestrians should be required to carry a light and walk facing traffic.
6. Crossing highways on which there is heavy traffic should be permitted in rural areas only at points where the pedestrian has a clear and unobstructed view of the highway for 300 feet in either direction.
7. Pedestrians crossing intersections at designated crosswalks under appropriate signal, if provided, or where no signal is in operation, should have the right of way over automobiles turning right or left.

The final criterion to be used in judging whether or not pedestrians should dispute the roadway with an automobile is this—there is no equal competition between a 140 pound pedestrian and a 3,000 pound automobile!

Pictured above is the Grayling American Legion Post 108 Drum and Bugle Corps as they marched in the Memorial Day parade here. Nearly 30 strong, the Corps has already earned a fine reputation for its performances in Gaylord and Houghton Lake as well as at home. The four girl drum majors are not pictured as they were marching ahead of Director Harold MacNiven. On the right side of the picture is Carl Golinick carrying a trumpet case for the blowing of "Taps." On the left side almost hidden is Nels Peter Olson, III, who carries extra drum sticks for emergencies.

## C. W. Nash Dies In California

One of Crawford County's most famous summer residents, Charles W. Nash died Sunday in Beverly Hills, California at the age of 84 years. Services were to be held in Mendota, California.

His passing was marked with mourning by the entire automobile industry of which he was a pioneer. He was one of a small group whose life's work has made an indelible mark over the entire world in the mode of travel, industrial techniques and standard of living.

His love of the outdoors prompted him to erect a home on the banks of the Ausable near here which was noted the state over.

Mr. Nash was an ardent trout fisherman and hunter and looked forward to his trips to Grayling. He had friends by the score in this area.

The name Nash will always be among the foremost mentioned when any discussion of the birth and development of the automobile is heard. Along with Henry Ford, William C. Durant, William S. Knudsen and others, he pioneered in the development of the auto. Nash and Durant built the original General Motors Corp., now the world's largest operating corporation.

Nash started his auto career in the wagon factory of Durant in Flint. He and Durant then became associated with David D. Buick of the Buick industry with Nash eventually becoming president of the Buick plant. In 1916, after heading the new General Motors Corp. for some time, Nash went out for himself, buying the Jeffrey Company of Kenosha, Wisconsin. In 1917 he brought out his own car, the Nash.

### Girl Scouts Entertain Mothers

The Girl Scouts of Troop 4 played hosts to their mothers at a Thursday evening of last week at the M. M. Church. Preceding tea the girls entertained with a program of singing and piano numbers. It was very gratifying to see so much musical talent in this group of young ladies. The event was supervised by their leader, Mrs. Grace Andrews, but all the planning was done by the girls themselves.

## Import Fresh Fish Via Air Route

Lowell Whiting and John Selesky plan on bringing in a second load of lake trout and whitefish from Beaver Island this afternoon. The first trip was made a week ago when the pair brought back approximately 100 pounds of fish fresh from the fishermen's nets.

The plane used is Whiting's amphibian "Seabee," in which the trip is made over to the Lake Michigan island, a former stronghold of King Slang and his Morans in the last years of the 19th century. The island is primarily a fishing and resort center now.

Mr. Selesky hires the plane for the trip and sells the fish at the Cedar Street Store. He pioneered the flying of food to Grayling last summer when he flew a Grayling Air Service plane to Bay City to pick up 85 steaks for the National Guard artillery officers mess after his regular supplier couldn't fill the order.

## How To Save Gasoline Told

How motorists can save gasoline so there will be enough for all will be told by Standard Oil Company (Indiana) as part of an extensive public co-operation in conservation measures and expansion of petroleum facilities to provide more supply are the American way to meet the record demand for petroleum products.

Newspapers, radio, outdoor posters, a gasoline conservation display card and curb signs at service stations, and a folder on "How to Save Gasoline" for dealers to give motorists will be used in the advertising campaign throughout the 15 midwestern states where Standard of Indiana markets, according to Mr. E. L. Hoelsi, Grayling agent for the company.

Voluntary gasoline conservation measures which the advertising will suggest to motorists include: Eliminate unnecessary driving. Organize car pools. Drive at moderate speeds. Increasing speed from 40 to 60 miles per hour increases gasoline consumption about 40 per cent.

"Avoid 'jack rabbit' starts and prolonged low-gear operation. Keep tires properly inflated. Keep car in efficient operating condition by having spark plugs serviced, valves flushed, frequent oil changes, etc.

How so far more than 5,000 independent service station dealers have attended 80 Standard Oil training schools in 74 cities to learn gasoline-saving methods as well as other services for better car care will also be told in the advertising. Every two weeks 28 other merchandising clinics to learn "Personalized Service" and when they meet all requirements they are awarded "Service Specialist" plaques for display at their service stations.

## Maple Forest

Misses Dorine and Vanda Thompson of Atlanta are here visiting their sister, Mrs. Henry Smith.

The Dohn and Vaughn Weaver families attended the wedding of a brother in Buchanan and spent the week end there. (Bob) Robert Feldhauser accompanied them.

Mr. and Mrs. DeVos of Olsago Lake were guests of Mr. and Mrs. Henry Verlinde.

Carl Richter of near Kalamazoo called on Charles Owen Saturday. Howard S. (Jack) Armstrong is home for a couple of weeks.

Zelma Ferguson of Petoskey and her guest, Helen Hazen of Saginaw spent Monday with Mr. and Mrs. Stanley Hummel.

Charles Owen and Maurice Babbitt were in Kalkaska last week and Charles purchased a pick-up hay trailer, the first in this community and Maurice, a new side delivery rake from Cotton's there.

Mr. and Mrs. Ken Allison and a friend, Eunice Truman from Detroit, spent the week end with Mr. and Mrs. Don Dobson.

Home Extension Club II met at the home of Mrs. Earl Lovely last Tuesday evening.

A community dinner is being planned honoring the Fathers and Sons on June 20, at the Town Hall.

## Independents Take No. 3

The Grayling Independents ran their victory string to three with Comins being the victim of a 14 hit hitting attack.

In their third league game, Grayling scored 13 runs on 14 hits while committing one error. Comins garnered 5 hits and made eight misplays. They did not score. The Indies have now run up 44 runs in three games and allowed but four.

Bob Gildner was on the mound and made it his third victory this season. Ted Bennett was behind the plate. Grayling's Rapid Robert struck out nine Comins batters. Grayling pushed over two runs in the initial frame and added another in the third, two more in the fourth and sixth and scored six in the eighth for their 14 run total.

Phil Keway is expected back to Grayling to bolster Grayling's pitching staff. Under-league rules, however, Keway will not be eligible to play until three weeks after June 6.

The league standings before the Sunday games showed Grayling and the Roscommon Shamrocks tied for first place with a pair of victories a piece. Houghton Lake and Mio are next with a win and a loss each and Comins and Fairview divided the basement with two losses chalked up against each team.

Grayling travels to Roscommon Sunday to tangle with the Shamrocks, with a victory for either team meaning the league leadership. Grayling downed Fairview in the league opener by a 19 to 2 count while the Shamrocks just squeaked past Fairview by a 6 to 5 score. Grayling met Fairview at Fairview, the Roscommon game with Fairview was played at the Shamrock's home grounds.

## DeVere Schmidt Succumbs

DeVere Schmidt passed away at the home of his mother, Mrs. Harold Schmidt, Tuesday morning. Services are to be held Friday, June 11, at 2 P. M. at the Schmidt residence.

## Farm Women's Week To Be Held July 19-23

The annual Farm Women's Week which is held at Michigan State College will be held this year beginning Monday, July 19 and ending July 23. Women from Home Extension Groups in the County, Farm Bureau and Granges are eligible to attend this session. There are a limited number of delegates which can attend from each county. Those who wish to attend should contact Mrs. Virginia Vance, Home Demonstration Agent, Court House, Kalkaska, Michigan, or Mrs. Flora Skingley, Grayling, Michigan.

Farm Women's Week is held to give the farm women or those interested in co-operative extension work, a short course at the college. Among the things which they do at this week of training are the following: Attend one class each morning on some subject of their choice, such as gardening, flower arrangement, clothing, human relationships, study of the Bible, etc. have very interesting speakers on up-to-date topics, recreation, music. The ladies live in the dormitories at Michigan State and are served their meals there and the food is excellent. The experience of living with other women from all parts of the state and comparing notes on activities carried on back home is invaluable and gives much pleasure and enjoyment to all attending.

The cost of Farm Women's Week is twelve dollars for the whole time spent there, including board, room, class fee etc. This amount covers everything needed during the week except the transportation down to East Lansing. Anyone who is interested in attending Farm Women's Week, July 19-23, at Michigan State College please contact Mrs. Vance or Mrs. Skingley as soon as possible so that reservations can be made.

## Prepare For Field Training

With the coming of June, thoughts of all Michigan National Guardsmen are turning to preparations for their annual field training encampment to be held this summer at Camp Grayling, the 50,000-acre state military reservation on the shores of Lake Margrethe in Crawford County.

More than 100 army units of the National Guard from 40 different Michigan communities will converge upon Camp Grayling for their second annual post-war encampment. August 7 to 21, it has been announced by the Adjutant General's office. Fourteen Air National Guard units, too, will move into the Grayling area August 1 to 15 for their first post-war exercises. The air units will be based at the huge Grayling-Mamara air field on the outskirts of Grayling.

It is expected that more than 6,000 Guardsmen will participate in the field training program this summer in contrast to the 2,700 who participated in the Guard's initial post-war encampment last year. Approximately 800 members of the National Guard's fighter and bomber squadrons from Kellogg Field, Battle Creek, and Romulus Army Air Base will participate in the air maneuvers, under the command of Major Donald W. Armstrong, Detroit.

It is expected that Michigan's new 48th Division, under the command of Brig. General Ralph A. Loveland, Ann Arbor, will attend field training this summer with all units fully organized. The division is already 95 per cent organized, and the last remaining combat unit, a rifle company at Detroit, is expected to be activated this month.

Detailed plans are under way for the expansion of Camp Grayling, traditional summer training site for the Michigan National Guard, it has been announced by the Adjutant General's office.

Current rapid expansion of the Guard will require major improvements to the camp site which is recognized as one of the most beautiful and well arranged National Guard training areas in the nation. Improvements already under way include the construction of small arms firing ranges, new concrete tent floors and a new warehouse. Major plans for the expansion of the camp to accommodate a full division are now being prepared by the Quartermaster General's office under the immediate supervision of Colonel George B. Ely, veteran National Guard officer from Olivet.

## Class Of 1938 Holds Reunion

The graduating class of 1938 of Grayling High School expected to hold a tenth anniversary reunion with a dinner at the Lone Pine Inn Wednesday evening at 6:30. All husbands and wives of the 1938 graduates were also invited to attend the reunion dinner.

Following the dinner, the group were to attend the Class Night exercises of the class of 1948 at the High School.

Norberta Weiss Beauchamp, Leslie Hunter and John Peterson were in charge of arrangements of the anniversary affair. There were twenty-two graduates in the class of 1938. The class advisor, Dr. Gerald L. Pohr of Central Michigan College of Education at Mount Pleasant was extended an invitation to attend the gathering by the committee. Class members are expected to attend from Muskegon, Greenville, Higgins Lake and Kalkaska as well as from Grayling.

## Kiwanis Club Notes

Lt.-Col. John B. Erkes, Michigan National Guard, was the speaker at the regular weekly meeting of the Kiwanis Club held at the Lone Pine Inn Monday evening.

Lt.-Col. Erkes, who recently returned from Fort Leavenworth, Kansas, where he attended a 15 day school and conference on Selective Service policies. Lt.-Col. Erkes spoke to the club on Selective Service and Universal Training.

He was high in his praise of the members of the Selective Service Boards that functioned during the past war and said that every county in the State of Michigan with the exception of one, already has a tentative board set up immediately available if it is needed.

Lt.-Col. Erkes was introduced to the club by Judge Ray Clement who was in charge of the program. The speaker dwelt at some length on the Universal Training Bill that is now in Congress. He explained the mechanical workings of the training program and how it would be governed.

Judge Clement before introducing the guest speaker spoke briefly on the possibility of having trash collection cans placed on the downtown streets of Grayling as an attempt to clean up the appearance of the city.

Mr. and Mrs. Wm. Christie, Mr. and Mrs. Kenneth Gipe and son and Mr. and Mrs. Arthur Christie of Toledo spent the week end at the Skingley tourist home.

## Frederic News

All ladies invited to a stork shower for Mrs. Eva Papenfuss, Tuesday, June 15, at the parsonage of the Frederic Bible Church. Please all come at 8 P. M. We will be looking for you.

Rain was welcomed last Friday afternoon. Mr. and Mrs. Dohn Weaver and family, Mr. and Mrs. Marlin Weaver and baby, Marla Sue, left Friday for Buchanan to attend the wedding Saturday, June 5, of the younger brother, Albert Weaver, and Miss Ruth Miller, held there. Charley Bill Lodge had a birthday last Thursday, June 3. Some of his playmates went to help him celebrate his eighth birthday. Games were played. A nice lunch was served. He received some nice gifts and all wished him many more such nice birthdays.

Ezra Highland left last week for the Upper Peninsula for a couple of weeks. Noah Weaver of Buchanan spent last week here visiting his son, Marlin Weaver and family, returning home Friday.

Mr. and Mrs. Bill Stone of Detroit spent last week here. Mrs. Stone was the former Zelma DeVolk, who lived here 40 years ago. Mrs. Maud Short is visiting her son and family, The Louie Shorts, in Alpena.

Mrs. Alva Hunt spent the week end in Traverse City with her daughter and family, the Tom Lowdens.

Mr. and Mrs. Geo. Quinn, Mrs. Ethel Nelson and Miss Betty Lou Barber spent Friday night with the one who discarded a very nice looking Springer Spaniel dog.

## No Bombshell

Henry Wallace's open letter in which he called for an agreement between this country and the Soviet Union to end the cold war and promote disarmament and a permanent peace, was hardly a bombshell. It was just another version of what he has been saying ever since he left the Truman cabinet, and with frequency since he started his third-party campaign. But a first-class bombshell with international repercussions, exploded when Premier Stalin replied to the letter in the most friendly possible terms, and said he believes the U. S. and Russia can settle their differences, and the co-existence of these diametrically different systems of government in the world is possible and necessary.

Stalin, as did Wallace, listed a number of specific points for arbitration. The main ones are: Arms reduction and the prohibition of atomic weapons; final peace treaties with Germany and Japan and the evacuation of occupation forces; removal of foreign troops from China and Korea; world development of international trade; defense of democracy and guarantees of civil rights in all countries.

So far so good. There can be no question that these are the issues which have divided the world into two opposing camps, and which must be settled if war, both cold and hot, is to be eliminated. But that doesn't mean that the representatives of the two greatest powers are soon to sit down around a conference table and fix everything up. The difficulties that lie in the way are great, even if they no longer seem so insurmountable as they once did.

First of all, the Stalin letter seemed to confine the proposed discussions to this country and the U. S. S. R. Secretary Marshall has said flatly on innumerable occasions that we will not consent to this—that every nation, large or small, must have a voice in settlements which affect its interests. In other words, he wants truly international agreements—rather than policies imposed from without by virtue of Russian or American prestige.

The home of Mr. and Mrs. Frank Wood was the scene of a quiet wedding Saturday evening when their oldest daughter, Miss Evelyn M., became the bride of George F. Barber. The ceremony was performed by Rev. Martin Maxwell and took place at 7:30 P. M. The bride was becomingly attired in blue satin and Mrs. Martin Maxwell acted as matron of honor with Ross Barber, brother of the groom as best man. Following the wedding a nice supper was served the bridal party and a few friends.

## Buoyant answer to Back Road and Boulevard

White sidewall tires, as illustrated,  
available at extra cost.

REMEMBER that rough patch of road up yonder where the ruts and ridges make a washboard seem smooth?

Recall the tiring tenseness brought on by the drum and hum of road noise and tremor even over smooth concrete highways?

Well, clock away the miles in this stunningly styled Buick — and meet up with the sweetest answer to such matters this side of cloud cruising.

"It's a ride that's soft and smooth as velvet," folks tell us. And we tell them it comes from a host of things.

It comes from the ample road-weight of a two-ton car built low and wide — and so beautifully balanced it handles light as a baton.

It comes from the leveling buoy-

ancy of Buick's all-coil springing which puts a pillow of deeply coiled steel at each wheel to soak up the bumps and ripples.

It comes from the softness of bigger, lower-pressure tires that cushion away road tremors and roughness — from the sure-footed, swerve-free steadiness of Buick's extra wide Safety-Ride rims, widest in the industry.

And it comes in special measure from a brand-new engineering gem we call Vibra-Shielding which banishes vibration build-up.

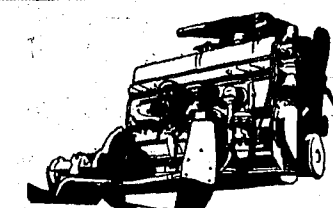

Here for the first time you're freed from the motoring fatigue brought on by tiny tremors piling up into bigger ones. Here your miles are made moss-smooth and quiet — long journeys become mere jaunts.

So why delay knowing the most buoyant answer to any road you ever traveled?

Come visit us now. Know at first hand the distinctive styling, the flashing action, the velvety ride over highway and byway that are Buick's and Buick's alone.

Then follow your heart's desire and get your order in promptly. We'll take it in proper sequence whether or not you have a car to trade.

When better automobiles  
are built  
**BUICK**  
will build them

REASON FOR THE VIBRA-SHIELDED RIDE

Placed with scientific exactness, 3 fat cushions of special composition cradle the engine so as to control its vibration frequency. Engine vibration is thus kept "out of tune" with those that might come from other parts of the car. The result is to shield car occupants against firing pulsations, cut road noise, make engine vibration almost imperceptible and motorizing practically fatigue-free.

BUICK alone has all these features

- \* DYNAFLOW DRIVE (Optional, Roadmaster Series)
- \* TAPER-THRU STYLING (Super and Roadmaster)
- \* VIBRA-SHIELDED RIDE \* SAFETY-RIDE RIMS
- \* HI-POISED FIREBALL POWER
- \* ROAD-RITE BALANCE \* RIGID TORQUE-TUBE
- \* QUADRIFLEX COIL SPRINGING
- \* SOUND-SORBER TOP LINING (Super and Roadmaster)
- \* DIAPHRAGM SPARK ADVANCE \* FLEX-FIT OIL RINGS
- \* TEN SMART MODELS \* BODY BY FISHER

**SPORTSMAN'S CLUB**  
(Continued from Page One)

The majority of our local businessmen would go broke if they had to depend strictly on local business. Hard words, but give it some thought. The closing of the highway this past three weeks has driven that fact home rather forcibly to those who were affected. We have one of the finest set-ups in Michigan to make this a mecca for sportsmen and vacationists. But are we capitalizing on it? No, we are not. At least to it's full possibilities. What's wrong? Lack of co-operation principally, but there are other factors, namely, jealousy and indifference. That old let George do it attitude and I'll get mine. Be that as it may, it is most discouraging to the boys who are trying to help George do it. Your Sportsman's Club stuck their necks out last week in running the Winter Sports Park. If you don't think it was a business asset we would like to cite you a few figures which you may verify.

Grayling Winter Sports Park. Total cash received, loans, donations, season passes, park receipts \$10,973.35.

Disbursed, 10 weeks paid labor at park to Grayling citizens paid to do, \$8,404.68.

Paid to Grayling merchants for food and supplies, to date \$3,349.33.

Advertising for Grayling Park, \$35.00.

In addition there was considerable donated labor, advertising and free publicity. There are still

debts outstanding but the point we wish to make is that all revenues went back to the citizens and business men of Grayling. This account takes into consideration the Park and nothing at all regarding the business that may have been picked up by local firms from the crowds which were here.

Now what do you think? Is it worth while or should we let it die the death of a peckerwood? To you merchants, "Is it worth a little support or shall we let it die and pull in the sidewalks on the first of January. You have a lot of boosters but they must have support. Let's think it over.
